

ENVIRONMENTAL
MANAGEMENT SYSTEM
REGISTERED TO
ISO 14001:2004

Purpose and Expectation

- Program Purpose - To provide a general awareness of the Refuse Disposal Division's Objectives and Targets.
- Our Expectation - For all Refuse Disposal Personnel to be able to understand the concepts of ISO 14001 and the RDD's EMS in relation to their jobs.

Objectives and Targets

- Environmental Objective -

- is defined as an overall environmental goal that the Refuse Disposal Division seeks to achieve, based upon its established Environmental Policy.

- Wherever possible, environmental objectives should be quantified in order to facilitate the evaluation of environmental performance and the measurement of progress towards specific environmental targets.

Objectives and Targets

- Environmental Target –
 - is defined as a detailed performance requirement, quantified wherever practical, that arises from an environmental objective and that needs to be set and met in order for the objective to be achieved.
 - For example, if reduction in the use of diesel fuel were an environmental objective, a specific percentage decrease in the associated usage rate could be established as an associated target.

For example...

- Objective - Exhaust Emissions Reduction
 - Target - Heavy Equipment Emissions; Eliminate excessive idle times during extended periods when heavy equipment is not in use by city forces.
- Objective - Water Use Reduction
 - Target - 25% water use reduction in disposal/dirt operations
- Objective - Resource Conservation Effort
 - Target - 10% paper use reduction throughout division

Objectives and Targets

- The RDD's Deputy Director, Environmental Management Representative, and Senior Staff review and update the Division's objectives and targets annually
- And they consider the following when reviewing and setting RDD's objectives and targets:
 - Significant Aspects,
 - Legal and other requirements,
 - Our technological and financial options,
 - Operational and business requirements, and
 - The views of interested parties.

Objectives and Targets

- Each Section within the RDD must consider how it will meet its annual Objectives, either directly (setting specific targets) or through supporting services.
